

PRECAUTIONARY BOIL WATER ADVISORY LIFTED

UPDATE 8/20/26

For the Timberon Water and Sanitation District Water System

What should I do? What does this mean?

- Drinking water provided by TWSD no longer requires boiling before consumption

What has been done?

TWSD - Water System Operations Personnel conducted disinfection procedures 8/14/26-8/16/26, and subsequently conducted multiple microbiological sampling events within the distribution system. Please see the complete results as part of this study.

- Microbiological samples collected 8/15/2026 – **Negative for Total Coliform and E. Coli**
- Microbiological samples collected 8/16/2026 – **Negative for Total Coliform and E. Coli**
- Microbiological samples collected 8/17/2026 – **Negative for Total Coliform and E. Coli**
- Microbiological samples collected 8/18/2026 – **Negative for Total Coliform and E. Coli**
